## Retitling Your Assets

Transferring your assets to your trust (“funding your trust”) can be **the most important part** of the estate planning process.

Some institutions may want the information in these funding letters put on their own forms. If so, refer back to your copies of the funding letters (behind the “Funding Instruments” tab) to fill out the forms accurately. Use your trust name **labels** wherever the name of your trust needs to be filled in on their forms.

Trust **Taxpayer Identification Number**: use your **social security number**. (If you are married, you may use either spouse’s social security number.)

## Change of Beneficiary

Assets	Actions to Take
<input type="checkbox"/> Annuities, non-qualified	<b>If married:</b> Primary Beneficiary: Spouse Contingent Beneficiary: Trust <b>If single:</b> Primary Beneficiary: Trust Contingent Beneficiary: Children, if any
